# KARIS NATURALS

At Karis, we believe that the answer to every personal care need can be found in nature. Inspired by the caring touch of nature, we have been able to develop a range of personal care products that gently and effectively solve a wide range of skincare and hair care problems. Enriched with an impeccable combination of the finest plant and fruit extracts, plant-based and pure essential oils, sea salts as well as antioxidant-rich vitamins, our high-quality formulations are nature's answers to your skin and hair concerns.

We have expanded to over 30 countries including UAE, Qatar, USA, Saudi Arabia, Ethiopia, Libya, Bahrain, Morocco, Bangladesh, Nigeria, broadening the horizon of the fastest growing personal care products in the world. Our products are used and loved by people across different countries and diverse faiths, beliefs, tastes, habits, cultures, lifestyles and preferences.

# KARIS NATURALS

Amidst the many differences, we noticed that there is one thing that stands common among every person in this world, which is the desire to care for its skin and hair in the best way possible. We also noticed that when it comes to personal care, there's no one size that fits all. Every person has a different skin and hair type and hence, we're relentless in our pursuit to develop high-quality formulations by blending the goodness of nature with modern science, in order to fulfil everyone's needs.

We believe that although every person is different, there is one commonality that unifies them, each individual desires to take care of self. With the finest ingredients sourced from the best of nature, we aim to nourish and restore the natural beauty in each individual to help become their own best version.

# KARIS HYGIENE

We've also realised that hygiene products are the most important tools for humankind in the current times. The way we perceive hygiene and sanitisation has changed drastically, and products with germ killing/protection properties have become an internal part of our lives and this habitual change in consumers is here to stay for good. Keeping these things in mind, we've come up with an exclusive range of hygiene care products which has a unique combination of natural ingredients and are effective against 99.9 percent germs and viruses to ensure total hygiene & wellbeing.

### 4 in 1 Moisturising Damage Repair Conditioning Shampoo

Moisturizing Damaging Repair Conditioning Shampoo with Keratin, Argan Oil and Wheat Protein intensely moisturises the hair follicle as well as hair. Combination of protein work at the core to strengthen hair and provide it with the right kind of damage care.

**Keratin** is a protein found naturally in hair strands, which gives hair its structure. Hydrolyzed Keratin compensates the damage, protects the hair, increases the amount of cysteine available to the hair and increases tensile strength.

**Argan** oil is an age-old beauty secret that has many uses, helping to hydrated and soften your hair. With its high content of antioxidants, essential fatty acids and vitamin E, Argan oil naturally help to increase hair's elasticity and consistently restore shine to dull, lifeless hair.

Hydrolyzed **wheat** proteins function to attract and retain moisture in the hair. Attracting and retaining moisture gives hair added body, fullness, and lift.

Hydrolyzed wheat proteins essentially swell the hair shaft with moisture to make it appear thicker.
